

AEAI Fall Convention Schedule

November 4-6, 2022 Purdue University Fort Wayne

Time: Friday, November 4, 2022	Event:	Location:	Category:	Workshop:
8:00-5:00	Registration	VA Gallery		
10:00-5:00	Artisan's Marketplace International Ballroom	WALB		
9:00-11:45	Rebecca Coffman, Ceramics Teapot Exchange Looking for new ideas, forms, approaches to design? This workshop will explore a spontaneous approach to the creative process. Everyone will create teapot "parts" (bodies/lids, spouts, handles, knobs, feet, etc.) using whatever techniques (thrown or hand-built) they wish. Students will exchange parts to discover new shape possibilities, proportional relationships and potential of the subconscious as a source of information.	VA 112-114		14 max Free
9:00-11:45	John Motz, Photoshop Need to learn new skills, add new tricks or start from the beginning? This workshop will help you become more proficient in Photoshop!	VA 212		14 max Free
9:00-11:45	Jim Gabbard, Portrait Photography This course will cover the basic elements of graphic design and photography, and how they merge together. Special emphasis will be placed on photographing and prepping files so that they can work together to communicate a message.	VA 211		14 max Free
12:00-1:00	LUNCH	ON YOUR OWN		
1:00-3:45	Jim Williams, Paste Papers Paste paper, which was produced starting in the late sixteenth century, and was often used as a decorative component in the end papers of books. Today these papers can be used in a variety of ways. In this workshop you will learn traditional patterns and create 3 sheets of paste paper to take home.	MCB 123		10 max Free
1:00-3:45	Jessie Vachon, Social Media In this workshop, you will be introduced to the various multimedia platforms available today with particular focus on those that have become important to the arts community. How to successful use these platforms for personal art promotion as well potential classroom integration will be discussed.	VA 212		14 max Free

1:00-3:45	Chris Ganz, Drawing My workshop will be on "How to Draw the Human Eye and Nose". We will be using pens over pencil on paper. An introductory PowerPoint will provide information on the form and approaches to drawing the eyes and nose, and then participants will begin working on their own drawings for the remainder of the workshop.	VA 217-219		14 max Free
9:00-11:45 1:00-3:45 4:00-6:45	Scott Miller, Stained Glass No prior knowledge in the area of stained glass is needed for this workshop. Participants in this workshop will learn the ins and outs of the Tiffany method and build a small project. Sound like fun? It is!"	MCB 132
